RE: Sanjoy Mahajan et al. vs. Department of Environmental Protection et al.
Docket No. SJC-11134
Our File No. 2607

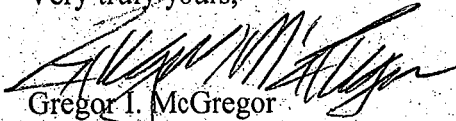

Dear Ms. Mellen:

I write to point out a statement made by Appellant Boston Redevelopment Authority ("BRA") that directly contradicts the Record. Specifically, BRA's November 14, 2012 letter wrongly states that the "land subject to the proposed lease and Chapter 91 License does not include any portion of the Compass Rose."

The Chapter 91 License unambiguously includes the Compass Rose, which is located in the 25,915 square-foot of public open space described as the "area delineated by an imaginary line drawn from the last Custom House Block building to either side of Long Wharf." RA 75. The Chapter 91 License authorizes Appellant BRA to lease the entire 33,155 square-foot seaward end of Long Wharf, which includes this public open space. RA 70 and 75.

MassDEP has issued a Chapter 91 License for the Compass Rose; it authorizes BRA to lease the area in which the Compass Rose lies.

Very truly yours,

Gregor I. McGregor
